

What participants told us after our first webinar, April 23, 2009...

We had a couple technical difficulties with the sound quality during our first webinar, which we are working to ensure do not occur again. However the responses we received by email and evaluation were terrific.

- “Totally enjoyed the webcast today.”
- “Thank you for your clear and concise presentation.”
- “Thank you so much for the excellent overview of Risk Management.”
- “Some useful tools including the risk map, boundary form and the website (which looks great!).”
- “I really enjoyed your webinar – it was very informative and helpful. You did a great job in such a short window of time!”
- “I found the information very worthwhile as did my CEO.”
- “The webinar was the 1st one I have attended and I did enjoy it - thank you.”
- “We are entering the second year of a newly created risk management plan and this webinar allowed me to find some useful tools to help rate our plan going in to year 2.”
- “Clearly outlined processes to improve organization’s risk management.”
- “Excellent introduction to topic.”
- “Gave good perspective on not being able to avoid risk, but providing ways to deal with necessary risk.”
- “The webinar helped to ‘push my thoughts forward’ and gave me a very good jumping off point to help us to start identifying the risks in each category.”
